Subject: Thank you

Wayne,

I just wanted to say thank you. When Excalibur took over the management of the rental property it completely changed our experience. Excalibur was a pleasure to work with and would recommend Excalibur to anyone. I want to thank you, Wayne, especially. When we needed some time after the lease was up you worked hard to get us the extra extension we needed for our extenuating circumstances. I can not express how important that was to us. Thank you for being so thoughtful. Great people makes a great company!

Sincerely,

Jim Alabiso
